AMENDMENT UNDER RULE 312

Sir:

Responsive to the Notice of Allowance dated February 21, 1989, kindly amend the above-identified application as follows:

IN THE CLAIMS:

Claim 13, line 2, delete "and".

REMARKS

The above-identified application was reviewed preparatory to payment of the issue fee and was found to contain a minor error in Claim 13. Claim 13 has been amended to recite that the first memory means is within the camera and not within the peripheral device. This is fully supported by the first paragraph of page 1, lines 3-6 of the specification which clearly states that the automatic camera system is controlled by data stored in a memory within the camera body.

It is therefore submitted that the requested correction is appropriate to cure a minor informality and that the correction does not broaden the claims or necessitate a new search.

For these reasons, it is submitted that this Amendment Under Rule 312 should be entered.

A substitute Declaration also accompanies this Amendment to cure the informality of the original Declaration.
